

## Global Campus

### World Children's Day 2020

Today the whole school came together to celebrate World Children's Day 2020. Over the last few weeks our Year 11 students have been busy planning for this event together with our new Global Campus Ambassadors and myself.

Students and staff came to school dressed in blue and were greeted on arrival by balloons and a celebration banner at our school entrance. During the day our Secondary and Upper Primary students had the opportunity to take over teachers' lessons and this was captured by our new Global Campus Photographer, who you will read more about in next week's newsletter. There were opportunities to

teach our Early Years, Primary and Secondary students, as well as shadow our office staff in Marketing, IT and Transportation. There was even an opportunity to be the Principal for part of the day! Our students enjoyed sending appreciation notes to each other and every student has designed a link for our whole school paperchain, which will be displayed in our main building.

Students can find more activities linked to World Children's Day by logging onto Global Campus Online and following the links from the Social Impact section. There are a range of activities covering skills in cultural awareness, creativity and critical thinking.
