WHO WE ARE

Our founders, Shanti Raghavan and Dipesh Sutariya are IT professionals who started EnAble India in 1999 after seeing disability in their family.

We believe that work is core to human dignity.
We are on a mission to bring dignity to persons with disability through economic independence.

AT ENABLE INDIA

- **44%** of our management are persons with disability
- **33%** of our senior management are women
- **56%** of our staff are persons with disability

THE ECONOMIC IMPERATIVE

Around **15%** of the world population faces some disability*
4-6% of GDP is foregone by not including persons with disability in the workforce*

OUR IMPACT

725+ private & public sector companies across 22 sectors made inclusive

291 job roles opened up for persons with disability, **11,000** leaders coached

Inclusion training for employees with disability in the BFSI sector contributes to **₹1.68** crores revenue generation

Average starting salary of a person with disability is higher than the average capita income of the country

81% persons with disability supporting their families in urban areas, **70%** in rural areas

35% of persons with severe disability support their families

Every **₹1** of fund inflow creates an average economic impact of **₹6.55***
