QUARTERLY SUSTAINABILITY REPORTS - Q4 2021

Learn about...

COP26: Hits & Misses
Pledges on carbon neutrality and climate finance lacked ambition, but fresh initiatives such as the Beyond Oil and Gas Alliance and privately funded technical advances give us hope.

Sectors & Sustainability
- ***The spice industry:*** *how can a sector leader contribute to a more sustainable supply chain.*
- ***The chip industry:*** *semiconductors will may a crucial role in the energy transition.*

SDG in the spotlight
Portfolio equity additions from the medtech sector have a positive impact for UN SDG Good Health & Wellbeing:
- ***SOL:*** *medical gas, with exposure to hydrogen (Italy);*
- ***SKAN Group:*** *resource-efficient sterilization technology (Switzerland);*
- ***Mindray:*** *patient monitoring systems, diagnostic tools, etc. (China).*

ESG in government funding
Discover DPAM's Government Engagement Framework and Green, Social & Sustainability Bond Policy targeting even better ESG quality in sovereign debt.

Regulatory news
The EU's "Fit for 55" proposal creates institutional support for greener buildings, a trend anticipated by DPAM's suite of European listed real estate funds.

The advantages of collaborative engagement
As part of a group action, DPAM challenges behemoths Alibaba, Apple and Microsoft on best practices in face recognition technology.
